SDG16: PEACE, JUSTICE AND STRONG INSTITUTIONS

The World Islamic Sciences and Education University holds meetings to discuss and reach consensus on university issues by the president, vice presidents, teacher representatives, academic and administrative directors, and representatives of researchers, staff, students, and other relevant personnel.

The World Islamic Sciences and Education University raises the efficiency of university employees, and increases and develops their administrative skills in many areas that collectively contribute to the benefit of education and serving the educational system in all its aspects through holding continuous meetings.

Additionally, our university is continuing to devote to fostering peaceful and just societies over a wide range of study programs. For example, undergraduate Law students take units in human rights and counter-terrorism

legislation, while master's and Ph.D. students can become international lawyers through our advanced course in Public International Law.

Our university holds meetings with the “Cybercrime Department of the Public Security Directorate” to discuss the regulations and laws related to electronic crimes.
