SDG10: REDUCED INEQUALITIES

Official statistics for the year 2021 indicate that more 22 percent of the university's students are international students, who belong to more than 62 Arab and foreign nationalities. Hence, the university provides education for students from poor social and economic origins or refugee backgrounds as part of its commitment to fulfil its duties to achieve equal results. Pointing out that the university is keen to treat international students like other Jordanian students in terms of university fees without discrimination.
